

Thank you for your commitment to our mission to be at the forefront of care and treatment services for the growing number of people who are living with HIV each year. Your support is critically important as we work to realize our vision of a world without AIDS and to ensure that everyone with HIV lives a long and healthy life.

The outcomes presented in this impact report are the result of the partnerships we have forged between our patients and clients, our staff and you, our supporters. We hope you feel the same level of accomplishment and ownership in our success.

With sincere gratitude,

# ADDRESSING RACIAL DISPARITIES

We firmly believe that race, gender and sexual orientation should not impact one's health. We work to overcome societal barriers to health such as discrimination, racism, sexism, homophobia and transphobia that prevent people from accessing the care they need to be healthy.
